

Manufacturer's Certification Statement

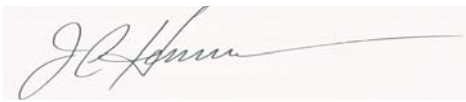

For the American Recovery & Reinvestment Act of 2009

Hurd certifies that the products identified below are "Eligible Building Components" that qualify for the tax credit allowed under Section 25C of the Internal Revenue Code and identified in the American Recovery and Reinvestment Act of 2009.

Hurd products that meet both a stringent U-factor rating of 0.30 or lower and a Solar Heat Gain Coefficient (SHGC) of 0.30 or lower qualify for the tax credit and are listed on Hurd's Stimulus Tax Credit web site page. This information is accessible by visiting www.hurd.com and selecting the tax credit area on our homepage. It is important to note that not all exterior windows and doors, nor all Energy Star® rated products, qualify for the tax credit.

To provide proof of eligibility, retain this document and proof of purchase documents. As with any tax matter, consult a tax professional and review all IRS guidelines to determine qualifications for potential income tax credits.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.
